

Understanding Your Financial Aid with Agnes Scott College

The Enrollment Division at Agnes Scott College

Financing Your Education

Monthly Payment Plan: Agnes Scott offers a payment plan that is a simple, convenient, and interest-free way to divide your remaining semester balance into five equal monthly payments. Students who opt into the payment plan pay a \$50 fee for each semester it's utilized. *My monthly cost would be \$_____*

Work Study: Students who are awarded work study are eligible to work an on-campus job for about 8-10 hours /week. This is a pay-to-work position, meaning hours worked equate to dollars earned. If you were not awarded work study, you can apply for a non-work study campus job or an off-campus job in the Decatur community.

Outside Scholarships: Many organizations offer scholarships that students can apply for. At Agnes Scott, we will not change your merit scholarship if you receive outside scholarships. You can find a list we've compiled at agnesscott.edu/outsidescholarships.

Federal Loans: You can take advantage of the Subsidized and Unsubsidized loan options offered on your financial aid package. These loans are in the student's name but are the safest option as they offer low interest rates and flexible repayment plans. We recommend considering these loans before other loan options.

GA Student Options: Georgia students who meet the state residency requirements can use state scholarships (HOPE and Zell Miller), grants (Georgia Tuition Equalization Grant) and loans (Student Access Loan) at Agnes Scott College and many other colleges and universities in the state. It's important to know how these programs work at public and private colleges as there are some differences. Visit gafutures.org to learn more about these college funding opportunities and ask your Agnes Scott admission counselor.

Parent PLUS Loans: PLUS loans are an additional federal loan source that is taken out by a parent for a student's education. Parents are responsible for repayment. Parents can apply for this loan at studentloans.gov.
