NCUR 2022 @home Registration Deadline

March 21, 2022

ConnectUR 2022 Virtual Event

June 23-24, 2022

ConnectUR 2022 in Washington, DC

June 27-29, 2022

Take a Look Back at 2021

Each year, CUR releases a year in review that highlights important events and statistics that represent CUR's undergraduate research community during the previous 12 months. In these reviews, CUR celebrates the volunteers, community, and leadership that make CUR more than just an association. [Review 2021>>](#)

Submission Window Closes Next Week

Want to be a part of the inaugural **ConnectUR** conference this June? Send in your submission by Friday, January 21, 2022, on any of the focus areas: leadership for undergraduate research; diversity, equity, and inclusion; advocacy and partnership; collaboration and community; and accountability and sustainability. This conference offers a virtual experience on June 23-24 or an in-person experience in Washington, DC on June 27-29. [Learn more about the submission process>>](#)

Don't Wait: Registration Ends February 7

Navigating the ins and outs of grant funding for your undergraduate research program can feel like climbing a mountain. **CUR Dialogues** (Virtual, February 14-18, 2022) offers two courses to the summit. The **Standard Course** offers daily live content, updates and breakouts from funders, and access to the online community. The **Guided Course** offers the standard material plus one hour each morning with grant experts providing direct feedback on your proposal.

Want to send more than one team member? Expand your institution's knowledge and save on registration. Receive 25% off your entire registration price when sending three or more team members. [Register today >>](#)

SPUR Winter 2021 Edition Released

The Winter 2021 edition of **SPUR: Scholarship and Practice of Undergraduate Research** has been released. This latest issue features articles on remote and in-class undergraduate research advancements utilizing case studies, creative writing activities, and based on principles learned from experience. Important Updates on NCUR 2022 @home

Acceptances for all student presenters have been sent and CUR is excited for another successful **NCUR** (April 4-8, 2022)! **Registration** is open for all those faculty, mentors, administrators, and students that want to support these presenters. Make sure to get the best deal by registering before January 31, 2022. Also, celebrate NCUR every day by purchasing your own NCUR 2022 @home apparel from our **Swag Store!** Browse comfortable gear that will help your students present in style or show your appreciation for this prestigious conference. Purchase before February 23, 2022.

In Memoriam: Former CUR President 1991-92

CUR sends our condolences to the family, friends, and coworkers of Laura Mays Hoopes, former 1991-1992 CUR President, Halstead-Bent Emerita Professor of Biology, and Vice President for Academic Affairs and Dean of Pomona College (1993-1998). Her commitment to the success of undergraduate research students, mentorship to the community, and her unbridled ambition of breaking down glass ceilings as a female in science are portrayed through the many students she taught, the research she published, and her memoir, "Breaking through the Spiral Ceiling." **[Read the full dedication published by Pomona College here.>>](#)**

Featured Undergraduate Research Highlights

Music Therapy Students Present at Georgia Capitol

Georgia College music therapy students learn how to advocate for their profession by presenting their scholarly work at the Posters at the Georgia Capitol event.

ACS Petroleum Research Fund

The Petroleum Research Fund is an endowed fund managed by the American Chemical Society that supports fundamental research directly related to petroleum or fossil fuels at nonprofit institutions. These grants are intended as seed money, to enable an investigator to initiate a new research direction. The next submission window will be from February 14 to March 11, 2022. [More information>>](#)

Community College Innovation Challenge (CCIC)

The CCIC is a national competition where community college student teams, working with a faculty or administrator mentor, use science, technology, engineering, and mathematics to innovate solutions to real-world problems; participate in an Innovation Boot Camp; and compete for cash awards. This event will be held in Washington, DC on June 13-16, 2022. The submission deadline is March 30, 2022.
