BASE

Direct salaries and wages including vacation, holiday, sick pay and other paid absences but excluding all other fringe benefits.
SECTION II: SPECIAL REMARKS

TREATMENT OF FRINGE BENEFITS:
The fringe benefits are specifically identified to each employee and are charged individually as direct costs. The directly claimed fringe benefits are listed below.

TREATMENT OF PAID ABSENCES

Vacation, holiday, sick leave pay and other paid absences are included in salaries and wages and are claimed on grants, contracts and other agreements as part of the normal cost for salaries and wages. Separate claims are not made for the cost of these paid absences.

OFF-CAMPUS DEFINITION: For all activities performed in facilities not owned by the institution and to which rent is directly allocated to the project(s) the off-campus rate will apply. Grants or contracts will not be subject to more than one F&A cost rate. If more than 50% of a project is performed off-campus, the off-campus rate will apply to the entire project.

Fringe Benefits include: FICA, Life Insurance, Unemployment Insurance and Health Insurance.

Equipment means an article of nonexpendable tangible personal property having a useful life of more than one year, and an acquisition cost of $5,000 or more per unit.

SECTION III: GENERAL

A. LIMITATIONS:
The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant.

contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the
following conditions: (1) only costs incurred by the organization were included in its facilities and administrative

pool as finally accepted; such costs are legal obligations of the organization and are allowable under the governing
cost principles; (2) the rates, costs that have been included as facilities and administrative costs are not claimed as direct

costs; (3) similar types of costs have been recorded consistent accounting treatment; and (4) the information provided
by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the

Federal Government. In such situations the rates would be subject to renegotiation at the discretion of the Federal

Government.

B. ACCOUNTING CHANGES:

This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement

period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of

this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but

are not limited to, changes in the charging of a particular type of cost from facilities and administrative to direct.

Failure to obtain approval may result in cost disallowance.

C. FIXED RATES:

If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the

actual costs for the period are determined, an adjustment will be made to a rate of a future year(s) to compensate for

the difference between the costs used to establish the fixed rate and actual costs.

D. USE BY OTHER FEDERAL AGENCIES:
The rates in this Agreement were approved in accordance with the authority in Office of Management and Budget Circular

A-21 and should be applied to grants, contracts and other agreements covered by this Circular, subject to any limitations
in A above. The organization may provide copies of the Agreement to other Federal Agencies to give them early notification
of the Agreement.

E. OTHER:

If any Federal contract, grant or other agreement is reimbursing facilities and administrative costs by a means other than

the approved rate(s) in this Agreement, the organization should (1) credit such costs to the affected programs and (2)

apply the approved rate(s) to the appropriate base to identify the proper amount of facilities and administrative costs

allowable to these programs.
